

LED Lamp

mod. LD32/T8

mod. F32W/T8/TL850

Easy installation, the LED lamp allows direct replacement with the traditional fluorescent lamps.

- > Compatible with all types of ballasts for fluorescent lamps
- > It does not require any adjustment of the light fitting existing

Respect for the environment

- > It does not contain toxic substances like mercury, phosphorus, lead
- > It does not contain glass
- > Completely recyclable

Long Life

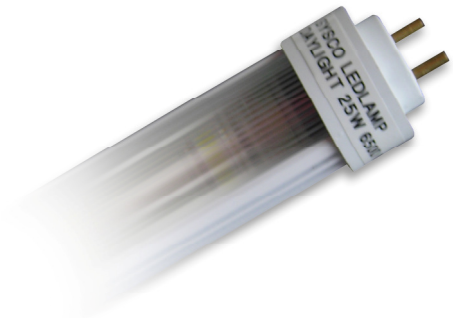

- > 10 years of duration (typical)
- > 3 year warranty on manufacturing defects

Energy saving

- > Reducing the Power Consumption of 30% for the same luminous intensity

Optical quality

- > Excellent color rendering
- > No flash when is turned on
- > No flicker

LED Lamp

Manufacturer	Sysco	Others
Model	LD38/T8	F32W/T8/TL850
Typical power consumption (Watt) (BF=0.8)	25W	34W
Brightness (Initial)	Equivalent	2850 lumen
Color rendering index		85
Color Temperature	5000°K ÷ 6500°K	5000°K ÷ 6500°K
Life	10 years	16.000 ÷ 20.000 hours
Return brightness to 0 ° C	+20%	-50%
